

Flexi Glue Ultra / Recommended Quantities

For the installation of our acoustic panels, we recommend the following quantities.

Please find detailed instructions in each product and Flexi Glue Ultra installation manuals.

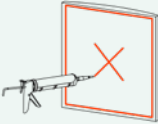

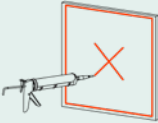

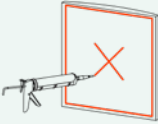

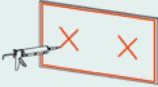

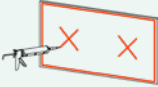

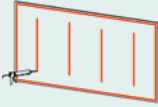

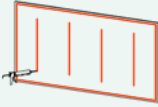

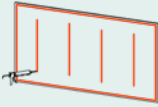

Note: Amounts may differ depending on user sensitivity and applicator tip opening.

We recommend purchasing an extra tube in addition to the estimate shown.

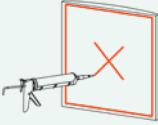

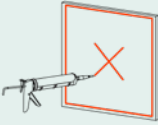

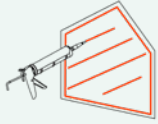

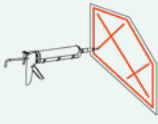

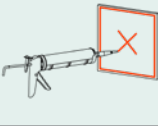

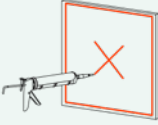

* Leave a margin of ~4cm between the panel edges and the line of glue.

** Recommended quantity of Flexi Glue Ultra tubes per Product box.
